AGREEMENTS and AUTHORIZATION

Consent to Health Care Services/Release of Health Care Information

You, (the undersigned Patient, or undersigned person responsible for consenting on Patient’s behalf), hereby request and consent to Patient health care services from this office. The Patient health care services will be provided by and overseen by licensed, treating physicians. Health care services will also be provided by non-physician health care professional and assistants employed or otherwise retained by this office. Medical, nursing, and other health care personnel who are in training may also participate in the Patient’s care as part of their education.

_____ Initial

Payment Guarantee

In consideration of the services provided by this office, Provider to Patient, you agree to: 1) guarantee payment of all charges incurred by Patient in connection with such services (“Patient Charges”); 2) irrevocably assign and transfer to this office, all right, title and interest to medical reimbursement benefits to which Patient is entitled for the purpose of payment of Patient Charges; and 3) authorize payment of such benefits directly to this office. You also agree to be fully responsible for the payment of any and all Patient Charges to the extent that these charges are not satisfied by the assigned benefits.

Notice of Non-Coverage

If you have insurance, insurance companies will only pay what is covered in each individual’s insurance policy. Your insurance does not pay for all of your healthcare costs, specifically as it relates to treatment in a chiropractic office. Your insurance policy will only cover services that it deems are “Medically Necessary” according to their specific guidelines. When you receive a service or item that your insurance policy does not cover, then you are personally responsible for the non-covered services at the time they were rendered (unless prior arrangements have been made). Specifically, your insurance policy will not allow payment for the following non-covered services and you will have to pay out-of-pocket the normal fee as listed below because they are routinely deemed not-medically necessary according to insurance guidelines: maintenance/wellness chiropractic care, nutritional supplements, therapeutic modalities used for maintenance, massage and any services beyond your benefit plan visit limitations or services that are excluded from the benefit plan.

_____ Initial

Patient Right to Restrict Disclosure of Protected Health Information (PHI)

For any service in which you pay for 100% out-of-pocket, you have a right to restrict the disclosure of that healthcare information for that particular service to any health insurance entity. This is according to your HIPAA privacy rights established under the American Recovery and Reinvestment Act (ARRA) of 2009. For services that are non-covered under your insurance plan and that you pay for in-full out-of-pocket, you understand and request that this office does not bill for any of these non-covered services or items on your behalf and that you wish to restrict the disclosure of PHI of these services from your insurance company.
